

SANTA MARIA
FAIRPARK FOUNDATION

SATURDAY, JULY 13

JUNIOR LIVESTOCK AUCTION
FOLLOWING THE CHAMPIONS

2024 SCHOLARSHIP ANIMAL HOW IT WORKS

The Foundation's Scholarship Animal Project is an annual scholarship program established to inspire, highlight the achievements of, and support local youth in pursuit of careers in the field of agriculture.

Samantha (Sam) McDonald was chosen from a large pool of applicants to raise and show the Foundation's Scholarship Animal at this year's Fair. **The Scholarship Animal will be auctioned following the Champions at the Junior Livestock Auction on Saturday, July 13, 2024. Everyone has an opportunity to contribute.** Proceeds from the Scholarship Animal will support the Foundation's efforts to provide scholarships and educational opportunities for local youth in Ag and make capital improvements to the Fairpark. The Scholarship Animal will be processed and donated to a local food bank.

Sam McDonald recently completed her junior year at Righetti HS with a 4.7 GPA, the top of her class! She is concurrently enrolled in Allan Hancock College.

HELP SAM GET MORE \$\$!

Regardless of the proceeds from the sale, Sam is guaranteed to receive a \$5,500 scholarship package.

But the more you bid or donate, the more Sam stands to earn in scholarship funds! The total scholarship funds she receives depend on the total donations made toward the Scholarship Animal between now and the close of Fair.

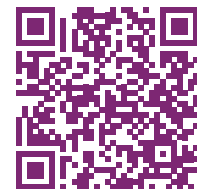

PER POUND BID AT AUCTION

All registered buyers have an opportunity to bid on the Scholarship Animal during the Auction. The auctioneer will start at \$25 per pound and go as low as \$1 per pound. **Let's say Sam's lamb weighs 100 pounds.** A bid of:

- \$25/lb is a donation of \$2,500
- \$10/lb is a donation of \$1,000
- \$5/lb is a donation of \$500
- \$2/lb is a donation of \$200

NOT A BUYER? DONATE NOW!

Can't make it to the Auction? **You can still support Sam and the Santa Maria Fairpark Foundation by making a donation online for any amount.**

Samantha McDonald wants to pursue a degree in Animal Science from Cal Poly, SLO, and dreams of becoming a veterinarian. Please support this well deserving young lady!
